THE PACIFIC WEEKLY NEWS

For the Steamer Panama,

A large, well filled double sheet, containing a carefully revised Price Current, Review of the Market, Election News Information from the Mines, &c. &c., will be published, and ready for delivery, at the counter of this office, on Wednesday next, at 12 o'clock, M. Files of papers may be forwarded by the various Expresses, and mailed at New York, for any point in the Union.

"For the Constitution."

It is well known that in three days our People are to vote upon the Constitution which has been framed for them, and it is a remarkable fact that to our knowledge not one single printed ticket, headed "*Against* the Constitution," has been put in circulation. More than any thing else, this fact, in our judgment, shows the absence of any necessity whatever to attempt to marshall the people in antagonism against each other at this time on the old party lines; for we believe it to be unquestionable, that the Constitution, which the whole people of California are thus, *with one mind*, preparing to accept and ratify almost without a single dissenting voice, is in all its general provisions the very most *democratic* fundamental law that was ever framed by any equally large community on the face of the earth.

The briefest glance at its provisions upon those topics which have been and now are Party issues, in many of the old States, will prove this. By our Constitution, suffrage is *universal* to all white male citizens Foreigners may acquire, inherit and dispose of property, real and personal, as if they were native citizens. Imprisonment for debt, except in cases of fraud, is abolished. All the Judges and all the officers of all the Courts of the State must, after the first election of Supreme Court Judges in the Legislature, be elected by the people directly, every two years. The State Legislature has no power to grant any bank charters. Stockholders in all corporations are made individually liable, and no corporation can be created except under a general law. The credit of the State cannot be given or loaned to any corporation or individual. The homestead and some other property of every family is secured from a forced sale. The State may be sued by an individual. The separate property of married women is to be protected. The power of the Legislature to create any state debt, exceeding the sum of three hundred thousand dollars in the aggregate, is most stringently limited, and the direct vote of the people in favor of increasing the debt is made indispensable, as well as full provision for its liquidation. The Constitution may at any time be amended by a *majority vote* of two successive Legislatures, confirmed by a majority vote of the People.

Now here is the whole substance of a State Policy, thoroughly and radically *democratic*, and not one voice among the people is heard ag'st it. In the meantime no effort, nor show of effort, has appeared against it any where. Is it not preposterous to suppose, that a people thus united in sentiment upon all the most vital points of Party issue, in regard to their *State Policy*, are to be banded in the present state of things into Parties upon old issues in regard to Federal Legislation, upon which at this time and in regard to California, there is, if possible, still less difference of opinion among us?

On the contrary let us send to Washington the best and most useful and influential men among us, instead of taking smaller men or worse men, merely because they happen to be or to have been more prominent or active party politicians.

MR. EDITOR:—

"*Give the devil his due.*" In your paper of Wednesday, you stated that the steamer "Senator" made the passage from Sacramento city to this, in *nine hours and fifty minutes*, (which heaven knows is quick enough for any people but Americans,) when the fact of the case is, the passage was made in a little over *eight* hours. NANTA.

TO THE POLLS.—It is in a high degree desirable and important that the popular vote cast at this first election of the state of California, should be as large as possible, throughout its limits. From all we can learn we think that the weight of vote will be cast at San Francisco, Sacramento City and Stockton. There is in general, we are led to believe, great apathy in most of the more remote and less populated central and northern districts. We are glad to hear, however, that in general throughout the State, there is, as we thought there would be, no party heat at all. We are glad to learn too, that the value of the services of the Hon. Thomas Butler King in the U. S. Senate, is very generally appreciated. Citizens of San Francisco! Remember that the vote ought to be large—that you can vote comparatively without inconvenience or loss of time, and so make it a point of duty to go up to the polls next Tuesday in full force, and vote the "People's Ticket," unless you know of a more useful U. S. Senator for California than Mr, King, a more useful Representative in Congress than Gen. Morse, or better men to maintain your local and general interests in the State Legislature, than are to be found on the People's Ticket for the State Legislature.

Successful Digging.

We saw a man yesterday from the Middle Fork, who has been at work but six weeks, and in that time has turned out, with his own hands, six thousand five hundred dollars. He had one "lump" weighing twenty-seven and a half ounces.

ARRIVAL. We are pleased to learn that Col. Collier, the newly appointed Collector of this Port, arrived in our city on Wednesday last, in the Malek Adhel, from San Diego, with the purpose of entering immediately upon his official duties. The Collectorship of San Francisco is, at this time, an office of great importance and of no inconsiderable difficulty, and we congratulate the public that the organization and operations of our Custom House have been intrusted to an officer so capable and so well calculated to inspire confidence as Col. Collier. His efforts will be well seconded by the efficient and experienced Deputy Collector, Mr. Carr.

THE WEATHER on Wednesday was as "warm and serene as a morning in June," but on Thursday the drizzling rain, peculiar to this climate, at this season, again set in, which called forth energetic curses from boot blacks and building contractors.

We think the rainy season has now fairly set in, though we may have a few more fine days during this month.

POETRY.—In the general emigration to California, Mesdames the Muses, (to judge from the appearance of our copy drawer,) have not staid behind. Our daily receipts in the *poetic line*, have for some time past averaged about one hundred lines. The general *quality*, to be sure, has not been, in the phrase of the cotton market, above "middling fair."—It is almost all devoted to home topics—and being conceived in a sound and healthful tone of home feeling, it is written to husbands, wives, brothers, sisters, and in general, to the whole family circle. Unfortunately the metre and diction are not usually so good as the sentiment. Young verse makers should never forget to count off their syllables in each line upon their ten fingers. Having done this, let them lay aside their effusion for a week, and if upon re-reading it then, they come candidly to the conclusion that it contains anything of interest to the *public eye*, let them send it to us, and we will *try*, if we agree with them, to find space for its publication.—If not, let it stay snug in the desk at home. "Hall," and other of our numerous poetical contributors, will understand from the above, the conclusion to which we have come about their productions, and will, we trust, consider our mode of expressing it, not uncourteous.

FROM THE MINING REGION.—We have had the pleasure of conversing with a very intelligent gentleman who has just returned from a long tour of observation through the mining district. His investigations have led him to the conclusion that its greatest riches have not yet been reached, but still await the labors of miners more experienced and skilful than those engaged in the work. He saw personally several diggings richer far than those in relation to which our credulity has already been severely taxed. At the same time he places the average gain of the whole body of miners now employed at a considerably lower figure than is usually given. He thinks that mining, having been as heretofore conducted *a game of chance* and uncertain as a lottery or a faro bank, is now about to become a less hazardous game of *skill* and scientific calculation, at which good and experienced players, and they only, will be sure largely to win. The observation of our informant fully confirms the general impression that there is to be a serious deficiency in the winter stock of provisions in the mining region, without allowing anything for the consumption of the overland emigration now on its way thither.

Alcalde's Court.

Quite an interesting case came off at this Court on Tuesday, which was not concluded till nearly midnight. It was a suit to recover money won at monte—J. J. Bryant *vs.* Robert Wilburn. It appeared in evidence that Bryant, after playing some time, said he would "tap" the bank—(the queen and five lay out.) There was much conflicting testimony, but the jury found for plaintiff in two hundred dollars.

For the News.

Challenge Accepted.

The candidates upon the "People's Ticket" herewith express their acknowledgements to their opponents, and propose, on their part, as exponents of their views and platform, Thos. Butler King, John B. Frisbie and N. Ray Bowie.

Mr. King is hourly expected from Sonoma, and, as we hope, will be sufficiently restored to address his fellow citizens;

John B. Frisbie, on the part of the Gubernatorial Ticket;

J. Ray Bowie, on the part of the State Senate and Assembly.

It is obvious that the brief time between this notice and the election, will render it impossible to give a hearing to *all* the candidates. Our opponents are doubtless prepared with the same number from their ticket. We propose to meet at the "Bella Union," on Monday evening, at 7 o'clock, and we pledge ourselves that our opponents shall receive, at our hands, every courtesy consistent with decorum, and a due regard to the important results that must issue from the coming election.

☞ Perhaps nothing serves to show more conclusively the rapid advance of San Francisco than the increase of business at the Post Office. The office is open from 8 till 6, and during these hours the building, since the arrival of the Panama, has been literally surrounded by a multitude, waiting for their turns at the delivery windows. The post master has gone to the extent of the means at his disposal, in an anxious effort to accommodate the public, but still finds his force and space insufficient, and has applied to the department for aid. The letters brought by the Panama, on the 31st ult., numbered some 30,000, which were promptly assorted and distributed, notwithstanding the inconvenience attending the dispatch of a large mail for the States, by the California, on the following day.

A mail will be made up, at the Post Office, to be forwarded by the steamer of the 15th inst.

Pursuant to a notice given in our columns, a respectable portion of our citizens assembled at the Methodist Church, on Sunday evening, the 28th ult., and organized the San Francisco Bible Society, auxilliary to the American Bible society.

During the services of the evening, Mr. Ball, agent of the Parent society, laid before the meeting the views entertained by the society,' of the importance of the field now open in California, for the circulation of the scriptures. The meeting was also happily addressed by Frederic Billings, Esq. After choice of officers, a liberal subscription was opened to aid the society in its operations.

We learn that it is the design of the society to establish a depository in this city, where bibles may be obtained in the various languages spoken by its citizens, and that a supply of books for this purpose are now on their way hither.

☞ We would call the attention of the merchants and residents of San Francisco, and of the miners in California, to the advertisement of Adams & Co.'s Express in another column. The reputation of this enterprising house, being the largest forwarding express in the States, must be a sufficient guarantee that any business entrusted to their care will be attended to with safety, and the utmost dispatch.

Proceedings of the Draymen's Meeting.

Pursuant to adjournment on Monday evening, the draymen and handcartmen of San Francisco again assembled in Portsmouth square, on Wednesday evening, to hear the report of their committee.

There being a large number present, at half past seven the chairman called the meeting to order, when the minutes of the former meeting were read by the secretary.

The committee being present, Mr. THOMAS JOYCE, chairman, made the following report, which was, after some little discussion, *unanimously* adopted:

Your committee, chosen at a meeting of draymen and handcartmen, on Monday evening, 5th inst., to report a tariff of prices for the ensuing three months, beg, most respectfully, to submit the following:

Taking into consideration the excessively high price of *feed*, and the increasing *bills of repair*, caused by the bad state of the public streets during the winter months, we have *unanimously* agreed on the annexed rates, believing that they will prove satisfactory to the community, and, at the same time, afford us only a *fair compensation for our labor*:

For a 2 horse team, within the limits of Dupont, California and Jackson streets, per load,	$3,00
Without these limits,	4,00
To Clark's Point,	5,00
For a 1 horse team, within the limits	2,00
" " " without "	3,00
" " " to Clark's Point,	400
For a handcart, within the limits,	1,00
" " without "	1,50
" " to Clark's Point,	2,00

The following resolutions were then offered and unanimously adopted:

Resolved, That we hereby pledge ourselves to stand to, and abide by, for three months, the tariff of prices just adopted, and that we shall hold any and all persons, who may depart from this standard, during the time specified, as striving to lower the dignity of labor, and as enemies to our interests.

Resolved, That we hereby pledge ourselves to show respect to God's ordinance of the *Sabbath*, and will not work on that day, except in cases of extreme necessity.

Resolved, That the thanks of this meeting be tendered to Capt. Dennison for the voluntary offer of his "Exchange" for our future meetings.

Resolved, That the good will of this meeting, and of the workingmen of San Francisco generally, is due to the proprietors of the "Pacific News," as the organ of the laboring classes and California interests, and that the thanks of the draymen be hereby tendered to Messrs. Faulkner & Leland for their liberality in publishing, gratuitously, our notices and proceedings.

On motion, voted to adjourn to Saturday evening next, 10th inst., at the same time and place.

J. JUDSON AMES, Chairman.
J. H. KENT, Secretary.

THE CALIFORIA MAIL, says the N. York Courier and Enquirer of September 13th, brought by the "Empire City" yesterday, amounted to upwards of eleven thousand letters, and papers in proportion. Among the letters were several small, neatly sewed linen bags, carefully sealed, and directed as letters, weighing from *four* to *sixteen* ounces. It is hardly necessary to say that these contained *samples* of the article found in the valley of the Sacramento, and which has set the world half mad. The postage on them, we should judge, would amount to quite an item, but we presume the recipients were very willing to exchange "American silver" for California gold, at Post Office rates.

The Europa's mails numbered about nine thousand letters, so that between the two steamers and the ordinary mail matter for the day, the employees in the Post Office must have had rather a busy day of it.

San Francisco, Nov. 7, 1849.

Editors Pacific News—

Gents: My attention has just been called to a letter in your paper of the 6th instant, dated at the Mariposa mines and signed "Wm. D. Miller," making gross personal attacks upon myself. I was the Alcalde alluded to therein, and the facts in the case mentioned were totally different from what is described in that letter. Hiller was arrested in an action of trespass for killing an ass. After the proof had been given in the case, and while I was charging the jury, he claimed that a continuance should be granted in the case, in order that he might show his innocence. He was a Mexican, and I therefore wished to exercise as much leniency towards him as possible, and granted a continuance on condition that he would pay the costs then incurred. This was the least I could do under the circumstances. At this stage of the proceedings a Mr. Goday came in and claimed that unless my decision in regard to the costs was reversed, he would have me taken to Stockton. To this I replied that I was entirely willing to be tried by legal principles, and by them I should most cheerfully abide. A few more unimportant words passed between us, but no such high words as stated by Mr. Miller. It turned out that the Mexican was a poor man, and in consequence I paid from my own pocket twenty dollars towards the costs, and Mr. Goday paid a portion, the jury gave their fees and the man was dismissed. So far as I know, Mr. Goday and all parties left entirely satisfied with the proceedings in the case. This Mr. Miller was not present at the time, and I have never seen him to know him, and why he should thus have obtruded himself in the case is a wonder. I am sorry to trouble you so far with personal matters, but justice requires that something should be said in reply to the letter published by you.

THE HOSPITAL
OF SAN FRANCISCO.

W. H. STIVERS, M. D. } Resident
J. F. THORP, M. D. } Physicians.

Main entrance on the east or lower side of Stockton street, between Clay and Sacramento streets, south-west of and near the Post Office.

THIS establishment is composed of an extensive range of buildings recently erected, and formerly, in part, occupied for a Hospital by our fellow-citizen Dr. Melhado. Its arrangements are, in all respects, most commodious; on a scale, indeed, suited to the various and rapidly increasing wants of both citizens and strangers. The position is one of the best that could be chosen—elevated, healthy, and easy of access, with excellent water, and commanding a fine view of the bay. There is also attached to the premises an elegantly fitted up Bathing House, where cold, warm, hot and medicated baths may be had, at all hours. The Baths for the use of the public are entirely SEPARATE and DISTINCT from those devoted to patients

The Hospital of san Francisco is the FIRST, and, in fact, the ONLY Institution established on the Pacific coast, on a broad, liberal and sure foundation. It is a refuge for the sick—a home for the invalid, where comfortable quarters, good nursing, watchful medical treatment, and suitable diet will do all that human effort can do to alleviate suffering and restore to health.

The Terms are placed on the most moderate basis, being in truth, about one-third to one-sixth less than the expenses necessarily encountered by the sick, under any other arrangement.

TERMS.

1st class, one in a single room, neatly furnished, $16,00 per day.
2d class, two in a room, neatly furnished, each $10,00 per day.
3d class, in wards, neatly furnished, each $5,00 per day.

☞ In all surgical cases, and cases of Insanity, there will be an extra charge.
